400 Desirable Dwelling Lots
For Sale.

THE SUBSCRIBER has completed the survey and plat of his subdivision in the Eighth Ward, and now offers them for sale. These lots are within ten minutes walk of the Harbor, the Beloit, Lake Shore and the Milwaukee & Mississippi Depots, about the same distance from Walker's Point bridge as Chestnut and Division streets on the north.

VOLUME XIV.

MILWAUKEE DAILY SENTINEL, FRIDAY MORNING, MAY 22, 1857.

NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Friday Morning, May 22.

The News and the City Attorney.

The *News* still demands that the *Sentinel* shall publish the remarkable opinion of the City Attorney, to the effect that Alderman GARDNER may lawfully be City Printer, although the Charter expressly provides that "no Alderman shall be interested in any Job, or contract for the City, or either of the Wards." If we had space to spare we might serve up the document as a literary, as well as legal curiosity, but under the circumstances we must leave it to the official paper to usher this extraordinary production into the world.

The *News* also insists that the *Sentinel* has done the City Attorney injustice in the premises and wrongfully assailed his "opinion." But the judgment of the *Sentinel* in this matter is that of the great majority of our citizens and of the following members of the Common Council, who recorded their votes against "General Foot's" *dictum*:

Ald. Cotzhausen, Doornink, Greve, Heinemann, Hayden, Hoene, Kuehn, Plankinton, Prentiss, Taylor and Walter—11.

It is unnecessary to say that among these eleven, are the Aldermen most conversant with city affairs and best qualified to pronounce upon such a question. We are further advised that of the twelve who voted to sustain the opinion, two, at least, voted under a misapprehension, and concur with the eleven above named in thinking the City Attorney wrong. We also learn that the *Banner* still continues to publish the ordinances, &c. in German, and will contest the claim of the *Seebote* to the City Printing, even at the hazard of offending the *News* and "facing" "Gen. FOOTE."

The M. & M. R. R.—Its Employees.

MR. JOHN F. MYERS, late of the *Free Democrat*, publishes a communication in that paper of Wednesday last, re-iterating some of his previous misstatements about the condition of the road, but throwing the responsibility of these fabrications upon "passengers from the West," and winding up with this fling at the employees of the Company:

Fifth, The railroad to command respect and confidence must employ men who are civil and courteous, and who inform the people correctly, as to breakdowns or detainments of any kind. I have traveled on railroads considerable, and have never seen people so rudely treated as on the Milwaukee & Mississippi Road. I hope that the Company will profit by the foregoing hints, instead of grumbling because they are told the truth.

If all of Mr. Myers' "hints" are as destitute of "truth" as the last one, we doubt whether the Company will profit much by them. It is, so far as we know, or have heard, the universal testimony of the press and the unvarying experience of the traveling public, that on no railroad in the United States can more "civil and courteous," as well as faithful and competent, employees be found, than on the Milwaukee & Mississippi R. R. The conductors, engineers, baggagemen and brakemen, are not only capable and trust-worthy, but uniformly civil and obliging. Where but one man in a thousand discovers "rude treatment" on their part, the inference is irresistible that the fault is his, not theirs.

The Allies of Slavery.

The Know Nothings are endeavoring to outbid their allies, the Sham Democracy, for Southern favor and support. The St. Louis *Intelligencer*, in announcing the withdrawal of JOHN WILSON, whig candidate for Governor of Missouri, in favor of his K. N. competitor, says:

> It is only at the hands of the American party that the South will ever have a barrier raised for its salvation against the hordes of foreign Abolitionists that are weekly converted into "American citizens."

"These 'foreign Abolitionists' are the industrious German emigrants who have contributed so largely to the growth and prosperity of St. Louis, of Missouri, and of the entire North-west. The only offence with which they are charged is, that they go for FREE SOIL and FREE LABOR, and are opposed to the extension of Slavery.— For this, Sam proposes to disfranchise them and thus ensure "salvation" for the South. Sham Democracy has already done the same thing for Kansas, by means of a "Registry Law," which the *News* and other Northern organs of the party defend and justify.

AT IT AGAIN.—The *News* has a chronic habit of misrepresenting the *Sentinel*. Within the last week, we have exposed three deliberate fabrications of the "official organ," but,—nothing daunted, it still persists in its disreputable work. Here is its latest invention:

> Gerritt Smith, in his reply to the letter inviting him to this State, alluded tenderly to the senior editor of the *Sentinel* and hinted something about the "blood of the Kings" which proved too much even for his secretiveness.— The *Sentinel* copied Smith's letter and endorsed it.

The public will have a realizing sense of the reckless mendacity of the *News*, when they learn that the *Sentinel* neither "copied," nor "endorsed" Mr. SMITH's letter.

WHO HAS CHANGED.—The Legislature of Ohio, previous to its adjournment, passed the identical resolutions that were adopted by the same body in 1849, on the slavery question, the Democratic majority passing them in 1849, and the Republican majority passing them in 1857, every Democratic member voting against them. Who has changed?

In this State, in the same year, 1849, the Democratic Legislature adopted resolutions of instruction to our Senators in Congress, asserting precisely the same doctrines of resistance to slavery aggression and opposition to slavery extension, which are the corner stones of the Republican Platform. Who has changed?

The Mormon Troubles.

There are strong indications coming to us from Washington that the Administration is in earnest about to attempt the difficult task of bringing the Mormons to a sense of duty and decency. Recent advices from that quarter confirm previous rumors as to there being a feeling of discontent among a considerable portion of that misguided people toward the dictator Young, and it is thought that a resolute Governor, backed by a strong armed force, would be able to bring about a different state of things in Utah, as he would have the aid of many who do not now dare to make known their discontent and disgust.

Important Rail Road Movements.

> We learn that the contract executed last September between the La Crosse & Milwaukee R. R. Co., and the Watertown & Madison R. R. Co., providing for the consolidation of those companies, has been finally concluded. By this arrangement the entire business of those important railroad interests has been consolidated.—*Madison Argus.*

This paragraph was copied, without comment, into the *Sentinel* of Wednesday last, and we republish it this morning, in order to contradict the statement therein made. We are authorized and requested by the officers of the La Crosse & Milwaukee R. R. Co., to say, that no contract has been entered into and no arrangement made for the consolidation of the companies referred to.

ERIE RAILROAD EARNINGS.—The earnings of the Erie Railroad for the month of April, 1857, were $529,484 44

Earnings for April, 1856, ... 623,073 12

Decrease, ... $70,839 68

We have not seen the full statements of the earnings of the N. Y. Central for April, but they show a gain of $28,000 over April of last year.

How the "Registry" works in Kansas.

We have already apprised our readers why the Free State men in Kansas refuse to take part in the *bogus* election of June 3d. If any of them entertain lingering doubts as to the propriety of that course, we think that they will be removed on reading the following extract from the Kansas correspondent of the New York *Times* and New York *Herald*:

From the New York Times.

"Were it it indeed possible for a fair vote to be secured at the June election, the argument for participation would be ten fold stronger.— But we know this to be beyond hope. *The voting there is done already*; and the electors are the Sheriffs and Probate Judges. In making up the census and registry list, enough has already been done to show that

"1. The mass of Free-State names are omitted.

"2. Their place are occupied by names of actual non-residents, claiming citizenship through the very outrages of the past.

"3. The distribution of the delegates is so made on this false basis as to preclude the possibility of a Free State majority, notwithstanding our proportion is *nine to one!*

"In view of these facts, what madness would it be for the people of Kansas to abandon their now impregnable position, and mingle in this election, *thus endorsing the frauds on which it is based*, without even a remote hope of either success or Justice."

"Lecompton, K. T. Friday, May 8, 1857.

"The following official returns of the corrected census lists are all that have been received at the Executive office up to date:"

	Total Population.	Total Voters.
Johnson	No return.	496
Leavenworth	5,529	1,837
Calhoun	555	491
Doniphan	No return.	1,085
Lykens	1,367	418
Jefferson	No return.	585
Brown	No return.	296
Marshall	415	266
Riley	No return.	858
Potawatamie	No return.	208
Total	8,156	5,645

"There are thirty organized counties and seven unorganized attached to adjoining organized counties. Of these, *but ten counties have as yet been officially heard from, leaving twenty to be returned*; but some of these counties are almost unsettled, so that we can make a calculation which will appear small to the total of registered voters, which it is presumed will reach a total of ten thousand of the registered voters. *There is probably a majority in favor of the Pro Slavery Constitution of say 2,000. There are probably at least 5,000 votes not registered.*"

Does any man wonder, with these glaring proofs before him of the frauds practised by the Pro-Slavery officials in Kansas, that the Free State men decline all participation in the proposed election.

HYATT HOUSE, JANESVILLE.—The Janesville *Standard* contains a full description of the Hyatt House, the new Hotel in that thriving, driving town. The hotel is one of the largest and best in the west, and we congratulate our Janesville friends on their acquisition. We give a few of the figures and facts, from the *Standard's* article in relation to the house:

The building is 122 by 140 ft., five stories high, 120 ft. to the top of the flag staff. The material is Janesville brick, and the fronts are to be coated with cement, colored to represent brown free-stone. On the 1st floor are 8 stores, five of them 20 ft. by 100. On the same floor are also the office, the Dining Hall, 40 by 100 ft., Parlors, Reading Room, &c., with a balcony along the whole front. The Dining room, Parlors, &c., are handsomely frescoed by OTTO FRITZ, of Milwaukee.— Staircases, easy of ascent, lead from each end of the hall to the rooms in the upper stories. The rooms above are stated to be large and comfortable, well ventilated, and fitted with grates and marble mantels. In the basement are the kitchen, laundry, bake room, a steam-engine, drawing water from the Rock river, bath-room, barber's shop, eating saloon, billiard room, &c. The building is lighted with gas throughout.

It has cost, with the ground, about $200,000.

FOX LAKE, DODGE CO.—The Fox Lake *Journal* has a long article giving much interesting information concerning that handsome and thriving town, situated in the midst of one of the best agricultural regions of our state. From it we learn that the village has now a population of about 2,000. The *Journal* says:—

It has 8 Dry Goods Stores; 7 Grocery and Provision Stores; 1 Hardware Store; 1 Book Store; 1 Drug Store; 2 Boot and Shoe Stores; 1 Bakery; 1 Carriage Shop; 4 Blacksmiths'; 2 Tailors'; 2 Milliners'; 2 Shoemakers'; 1 Harness Shop; 2 Cabinet Shops and Furniture Ware-rooms; 1 Tin Shop; 1 Watch-maker; 1 Bank; 1 Exchange Office; 1 Printing Office; 2 Hotels; 2 Livery Stables; 1 Flouring Mill; 1 Saw Mill; 3 Lumber Yards; 2 Brick Yards; besides, there are 5 or 6 Ware-houses around the Railroad Depot, where a great amount of business is done during most of the year, in the purchase of grain and in selling coal, salt, lime, &c., &c. In the professions we have residing here, 7 ministers; 3 lawyers, and 4 physicians.

A good deal of building is going on, and two churches are among the edifices to be erected.— There are four churches already, a Female College, with 50 pupils, the building being of stone, 40 by 100 feet; and a District School House, 20 by 40 feet, two stories high. The La Crosse & Milwaukee R. R. passes through the village, and it has other railroads in prospect.

HEAVY SPECULATION.—The New York Evening *Post* states that the firm of Spofford and Tileston of that city, when the price of sugars first advanced, sent an order for ten thousand tons of Manilla sugar, part of which has already arrived. The outlay for this venture was about $900,000, and the profits are expected to exceed $250,000.

A Good word for the Sentinel—The late Spring.

MACKFORD, May 19, 1857.

Messrs. Editors:

Enclosed you will find the pay for the Tri-Weekly *Sentinel* for six months. We have been without it for one week and cannot stand it any longer. We have lost money by not having it the past week. Every business man in this State loses money who does not take the *Sentinel*.

The weather is very cold yet, with frost nearly every night. All the wheat that had sprouted is cut down. Corn not yet planted.

Yours truly, J. W. C.

CONGRESSIONAL QUALIFICATIONS IN VIRGINIA. —The N. Y. *Tribune* of Tuesday, contains the following paragraph:

> The Democracy of the Mecklenburg District, Virginia, are in trouble with their candidates for Congress, having one too many. A correspondent of *The South* suggests that Messrs. Goode and Flournoy should both withdraw in favor of Richard K. Meade (who was left out some years ago,) saying:
>
> "His place is in the hearts of the People, and *he who choked Giddings* will be just the man for such a Congress as the next promises to be."

—It is well to know thus seasonably what qualifies a man for eminence in a Democratic Congress.

The Raft and Railroad Difficulties—Statement of the River Pilots.

ARENA, May 18, 1857.

To the Argus & Democrat:

MR. EDITOR:—As rumors have been in circulation, greatly exaggerating the difficulties of running lumber through the railroad bridges on the Wisconsin River, we would say to lumbermen in the Pinery and the public that we have been hindered at the bridges by the unusually high water. We have had an interview with E. H. Brodhead, the President of the company. He has rendered us every possible assistance to pass the bridges with our fleets of lumber with the least possible delay and loss. He is making preparations to raise the bridges and construct booms so that lumber can be passed the bridges without difficulty. We are happy to say that Mr. Brodhead has shown his determination to fully protect the lumbering interest, and the M. & M. R. R. Co. deserve well of the lumberman and the public.

How Brother John Bull Opens his "Congress."

The London *Times* of April 30th, has a full account of the opening of Parliament. We copy a portion of it, to show how John Bull does the thing:

Before 2 o'clock a considerable concourse had collected round the entrance to Westminister-hall, to witness the arrival of the leading personages about to officiate in the ceremony. The interior of the house of Lords at first presented an array of all but empty benches, the dreary vacancy of the gorgeous but somewhat gloomy chamber being alone relieved by the presence of some ten or a dozen distinguished ladies seated in a single group on the Opposition side, the three clerks at the table being the solitary occupants of the floor.

At 2 o'clock the Lords Commissioners, who were the Lord Chancellor, the Duke of Argyll, the Earl of Harrowby, Lord Stanley of Alderley, and Earl Spencer, entered the House in their official costumes, and took their places on the woolsack. Not more than half-a-dozen other Peers were then present, among whom were Lord Panmure, Earl Beauchamp and Lord Belper; and throughout the entire sitting the whole number in attendance at one time did not exceed 12 or 15.

The Usher of the Black-Rod having been directed to summon the Commons to their Lordships' House, in the lapse of a few moments Sir Dennis Le Marchant, (chief clerk,) accompanied by Sir George Grey, Sir Charles Wood, and a large muster of members of the Lower Chamber, was in attendance at the bar.

The Lord Chancellor announced that the Royal commission, graciously authorizing him and his commissioners to open Parliament in Her Majesty's name, would then be read; which was done by the clerk at the table accordingly.

The Lord Chancellor then said—My lords and gentlemen, I have it in command from Her Majesty to let you know that as soon as the members of both houses shall have sworn, the cause of the calling of this Parliament together will be declared; and, it being necessary that a Speaker of the House of Commons should be first chosen, it is Her Majesty's pleasure that you, gentlemen of the House of Commons, should repair to the place where you are to sit, and there proceed to the appointment of some proper person to be your Speaker, and that you should appear here tomorrow at 2 o'clock, and then present the person whom you shall so choose for Her Majesty's Royal approbation.

The Commons then withdrew to their own chamber in obedience to this mandate.

After the process of swearing in was completed the House adjourned.

House of Commons, April 30.

The House of Commons, having returned from the house of Lords, preceded, in conformity with the message from the Crown, signified by the Royal Commissioners, to the election of a Speaker.

Lord H. Vane, after a graceful tribute to the late Speaker, and an enumeration of the moral intellectual qualities, the accomplished mind, the dignified and commanding exterior, and the courteous demeanor required in so exalted a position, believing, he said, that the member for North Nottinghamshire united these eminent qualifications, moved that John Evelyn Dennison be chosen to fill the Chair.

The motion was seconded by Mr. Thornely.

After a short pause, there being no other candidate proposed, Mr. Dennison arose in his place and accepted, was conducted to the chair, where he returned his thanks. The Sergeant-at-Arms laid the mace upon the table, Lord Palmerston welcomed the Speaker on behalf of *his* side, and Mr. Walpole for the Opposition, and the Commons adjourned.

The Burdell Tragedy.

ON THE TRACK OF THE MURDERERS—THE MYSTERY BEING UNRAVELLED.

The *Times* is on the true scent, we happen to know; and we have no more doubt than we have of the existence of the mid-day sun, that the murderers of Dr. Burdell will speedily—if they have not already committed suicide—be arrested.

The murderers, and there were two of them, entered Dr. Burdell's house from the rear, in Bleeker street, and made egress in the same way. In the rear of No. 31 Bond street—the Burdell residence—there is a narrow court, or alley, which communicates with Bleecker street. Adjoining to the rear of No. 31 Bond street, there is a grapery and shed, the latter being from its apex, only three feet from Dr. Burdell's rear window—to ascend which nothing was necessary but a hand-ladder, which had probably been provided some time before, as it was found standing in the place assigned it the morning after the murder. Reaching the top of the shed, the murderers found easy access to Dr. Burdell's room, through the window. They opened it; seized their victim; and murdered him. They had been with him early on the night of the assassination; and followed him home.

Arriving at the front door of No. 31 Bond street, they attempted to force their way in, but were prevented by the hasty closing of the door. They then proceeded to Bleecker street, as they had originally designed, and carried their bloody views into execution.

The two murderers were men capable of their mission, and had double objects to avenge. One of them professed to have been swindled at a gambling house out of a large sum of money; the other alleged that his wife had not only been insulted, but violated, whilst submitting to a dental operation. The desire of vengeance to both was equally inviting and sweet. A very few days only, in all probability, will produce such evidences of undoubted fact as will cast aside all mystery in relation to the Burdell assassination.—*New York Mercury*, May 17.

A BRUTAL MURDER.—A savage murder was committed in the town of Cold Springs, in this county, on Wednesday the 14th inst. A man named Weatherby, who lived by his daily labor, was inhumanly killed by another named *Perry*. They had some difficulty about a boat which Wetherby owned and was accustomed to use in crossing Bark river in going to his work. Perry owned land on both sides of the stream, and took his neighbor's boat and crossed over to the opposite side and left it. A dispute arose between them about this boat, out of which grew a law suit, but which Perry finally settled by paying $9. After this Perry took the boat and burnt it. Weatherby, not knowing what had become of his boat, went in search of it, and while so engaged met Perry. On Wednesday, Weatherby was missed. His neighbor went in search for him, and with great reluctance induced Perry to join. On Saturday, Weatherby's dead body was found partially hid in a pool about six rods from where the fire had been kindled. On being charged with the murder, Perry stated that he killed Weatherby with a club, striking him three blows on the head. But there were other marks of violence which indicated that he had not stopped with barely taking away life. The skin was cut through to the skull bone in different places, the breast was crushed in, as if somebody had several times jumped upon it with great force, the ribs on one side were broken to pieces, bearing the appearance of having been repeatedly kicked, and the body horribly mangled. Perry was at once suspected, and fearing that the strong and rising feelings of indignation which his merciless cruelty had excited, might lead his neighbors to string him up on the spot, without judge or jury, surrendered himself to the authorities. The District Attorney of the county, D. Hall, Esq., was sent for to prosecute the case on behalf of the people. Perry was committed to jail for murder, and will no doubt be indicted, convicted and made to pay some part of the penalty which such a brutal act of revenge and crime deserves.

Mr. Weatherby was a poor man, and leaves a wife and three children to get along the best they can, after being bereft of their natural guardian and support, under circumstances so shocking and aggravating.—*Watertown Democrat, May 20th.*

The Power of Court Commissioners under the Code.

Judge COLE, of the Supreme Court, announced his decision in the Remington *habeas corpus* case at 4 o'clock this P. M. A full report of the opinion will be found in our columns. It is interesting as settling an important point, and determining the powers of Court Commissioners under the new code of practice. It declares the action of Mr. LANSING, the commissioner, in committing Mr. REMINGTON to jail, an unwarranted assumption of power, and sets the latter at liberty. It also establishes the impossibility of being guilty of a contempt—in a technical sense—of a court commissioner, and dissipates into thin air some of Squire LANSING's most cherished prerogatives.

On the conclusion of the reading of the opinion, notice was given that the case would be taken up for a hearing before the Supreme Court in full bench.—*Madison Journal*, May 20.

LOGS COMING.—In our last number we noticed the fact that J. KENEY & Co. had bought lots here for the purpose of erecting a large steam saw mill and other machinery. Last week Mr. D. B. Keney, of this place, one of the firm, went to the Pineries and contracted for 700,000 feet of logs, B. M. They are to be delivered here in the course of a week or two. Since his return he has bought, delivered on the spot, about a hundred logs, seven thousand feet of square timber and a hundred thousand shingles. The Company are entering into their improvements with energy.—*Kilbourn City Mirror.*

Extracts from Mrs. Gaskell's Life of Charlotte Bronte.

HER PERSONAL APPEARANCE AT THE AGE OF 15.

In 1831, she was a quiet, thoughtful girl, of nearly fifteen years of age, very small in figure— "stunted" was the word she applied to herself,— but as her limbs and head were in just proportion to the slight, fragile body, no word in ever so slight a degree suggestive of deformity could properly be applied to her; with soft, thick, brown hair, and peculiar eyes, of which I find it difficult to give a description, as they appeared to me in her later life. They were large and well shaped; their color a redish brown; but if the iris was closely examined, it appeared to be composed of a great variety of tints. The usual expression was of quiet, listening intelligence; but now and then, on some just occasion for vivid interest or whole some indignation, a light would shine out, as if some spiritual lamp had been kindled, which glowed behind those expressive orbs. I never saw the like in any other human creature. As for the rest of her features, they were plain, large, and ill set; but, unless you began to catalogue them, you were hardly aware of the fact, for the eyes and power of the countenance over-balanced every physical defect; the crooked mouth and the large nose were forgotten, and the whole face arrested the attention, and presently attracted all those whom she herself would have cared to attract. Her hands and feet were the smallest I ever saw; when one of the former was placed in mine, it was like the soft touch of a bird in the middle of my palm. The delicate long fingers had a peculiar fineness of sensation, which was one reason why all her handiwork of whatever kind—writing, sewing, knitting—was so clear in its minuteness. She was remarkably neat in her whole personal attire; but she was dainty as to the fit of her shoes and gloves.

YORKSHIRE MANNERS.

Even now a stranger can hardly ask a question without receiving some crusty reply, if, indeed, he receive any at all. Sometimes the sour rudeness amounts to positive insult. Yet, if the "foreigner" takes all this churlishness good humoredly, or as a matter of course, and makes good any claim upon their latent kindness and hospitality, they are faithful and generous, and thoroughly to be relied upon. As a slight illustration of the roughness that pervades all classes in these out of the way villages, I may relate a little adventure which happened to my husband and myself, three years ago, at Addingham:

From Pendle Hill,
From Linton to Long Addingham,
And all that Craven coasts did tell, &c,

one of the places that sent forth the fighting men to the famous old battle of Flodden Field, and a village not many miles from Haworth.

We were driving along the street, when one of those ne'er-do-well lads who seem to have a kind of magnetic power for misfortune, having jumped into the stream that runs through the place, just where all the broken glass and bottles are thrown, staggered naked and nearly covered with blood, into a cottage before us. Besides receiving another bad cut in the arm, he had completely laid open the artery, and was in a fair way of bleeding to death—which one of his relations comforted him by saying, would be likely to "save a deal o'trouble."

When my husband had checked the effusion of blood with a strap that one of the bystanders unbuckled from his leg, he asked if a surgeon had been sent for.

"Yoi," was the answer, "but we dunna think he'll come."

"Why not?"

"He's owd, yo seem, and asthmatic, and it's up hill."

My husband taking a boy for his guide, drove as fast as he could to the surgeon's house, which was about three quarters of a mile off, and met the aunt of the wounded lad leaving it.

"Is he coming?" inquired my husband.

"Well, he didna' say he wouldna' come."

"But tell him the lad may bleed to death."

"I did."

"And what did he say?"

"Why only, 'D——n him, what do I care?'"

It ended, however, in his sending one of his sons, who, though not brought up to "the surgering-trade," was able to do what was necessary in the way of bandages and plasters. The excuse made for the surgeon was, that "he was nearly eighty, and getting a bit doited, and had had a matter of twenty children."

Among the most unmoved of the lookers on was the brother of the boy so badly hurt; and while he was lying in a pool of blood on the flag floor, and crying out how much his arm was "warching," his stoical relation stood coolly smoking his bit of black pipe, and uttering not a single word of either sympathy or sorrow.

EMILY BRONTE AND HER DOG.

Speaking of her dead sister, the former told me that from her many traits, in Shirley's character were taken; her way of sitting on the rug reading, with her arm round her rough bull dog's neck; her calling to a strange dog running past, with hanging head and lolling tongue, to give it a merciful draught of water, its maddened snap at her, her nobly stern presence of mind, going right into the kitchen, and taking up one of Tabby's red hot Italian irons to sear the bitten place, and telling no one, till the danger was well-nigh over, for fear of the terrors that might beset their weaker minds. All this, looked upon as a well-invented fiction in Shirley, was written down by Charlotte with streaming eyes; it was the literal true account of what Emily had done. The same tawny bull-dog, (with his 'stanged whistle') called 'Tartar' in Shirley was 'Keeper' in Haworth parsonage; a gift to Emily. With the gift came a warning. Keeper was faithful to the depths of his nature as long as he was with friends; but he who struck him with a stick or whip, roused the relentless nature of the brute, who flew at his face forthwith, and held him there till one or the other was at the point of death. Now Keeper's household fault was this; He loved to steal up stairs and stretch his square tawny limbs, on the comfortable beds, covered over with delicate white counterpanes. But the cleanliness of the parsonage arrangements was perfect, and this habit of Keeper's was so objectionable, that Emily, in reply to Tabby's remonstrances, declared that if he was found again transgressing, she herself, in defiance of warning and the well-known ferocity of his nature, would beat him so severely that he would never offend so again.

In the gathering dusk of an Autumn evening, Tabby came, half triumphantly, but in great wrath, to tell Emily that Keeper was lying on the best bed, in drowsy voluptuousness. Charlotte saw Emily's whitening face and set mouth, but dared not interfere; no one dared when Emily's glowed in that manner out of the paleness of her face, and when her lips were so compressed into stone. She went up stairs, and Tabby and Charlotte stood in the gloomy passage below, full of the dark shadows of the coming night. Down stairs came Emily, dragging after her the unwilling Keeper, his hind legs set out in a heavy attitude of resistance, held by the 'scuft of his neck,' but growling low and savagely all the time. The watchers would fain have spoken but durst not, for fear of taking off Emily's attention, and causing her to avert her head for a moment from the enraged brute. She let him go, planted in a dark corner at the bottom of the stairs; no time was there to fetch stick or rod, for fear of the strangling clutch at her throat—her bare clenched fist struck against his red, fierce eyes, before he had time to make his spring, and in the language of the turf, she 'punished him' till his eyes were swelled up, and the half blind, stupified beast was led to his accustomed lair, to have his swelled head fomented and cared for by the very Emily herself. The generous dog owed her no grudge; he loved her dearly ever after; he walked first among the mourners to her funeral; he slept moaning for nights at the door of her empty room, and never, so to speak, rejoiced, dog fashion, after her death.

Crops in Southern Illinois—An Early Harvest.

A gentleman just from Jonesboro, in this State, gives us a very gratifying account of the condition of the crops in the neighborhood of that place, and in Southern Illinois generally. The trees are in full leaf, and all kinds of vegetation coming forward finely.

The wheat fields give great promise, never having looked better before at the same time in the season. Some of them, we are assured, will be ready for harvest by the 20th of June, and samples of new wheat from that region may be expected in the Chicago market by the first of July. By the first of August the crop will be ready for delivery at our warehouses in any desirable quantities. Throughout the whole section of the State lying south of the line of the Ohio and Mississippi Railroad, the crop is equally promising, and the same is true of southeastern Missouri and western Kentucky, as our informant had the means of knowing from actual observation, or from the direct reports of others. —*Chicago Democratic Press, May 21st.*

TIMING THE DELLS.—It is a common thing to hear questions asked, and opinions given, about the rate of speed a raft goes in passing through the Dells in high water; and the common opinion has been from ten to twelve miles an hour. Yesterday Mr. Mix, one of the Railroad Engineers here, rode through on a raft for the excitement of it, and for the purpose of making the time. He says they ran the two miles at the rate of ten miles an hour; and the half mile by the bridge, where the river is narrowest, at the rate of fifteen miles an hour.—*Kilbourn City Mirror.*

BREAKING GROUND.—We understand that ground is to be broken on the Chicago, St. Paul & Fond du Lac R. R., in this city on Monday next, at which time one of the contractors will be here with a large force of men and teams to commence active operations in completing the Road from this city to the La Crosse junction.— The good time is coming.—*Watertown Chronicle.*

Heavy Failures—Attempted Suicide of one of the Partners.

PROVIDENCE, R. I., May 15, 1857.

There has been a series of very heavy failures within the last few days. They were those of William Huntley, Sigourney & Co., dry goods dealers on Broadway, New York, Sigourney & Clayton, Baltimore, and Sigourney & Henry, of this city—liabilities, $280,000. It is rumored that they will go into bankruptcy, not being able to pay their liabilities. Mr. Sigourney has left the business in the hands of others, hence the failure.

It is said that Mr. S. made an attempt to commit suicide, on learning the proceedings of his partners, but was rescued from the water (where he thrown himself, in the North River, New York,) by one of the Harbor police, and taken insensible to the residence of his mother-in law, Mrs. Fillmore, on Fifth avenue, New York.

A WEDDING DESCRIBED BY THE BRIDEGROOM. —The editor of the Beardstown, Kentucky, Gazette, thus describes a wedding, whereof he was the most interested, if not the most interesting party:—

"During our visit to Bullitt county we heard of a party, and concluded to attend.— Have an indistinct memory of a ceremony having transpired where sundry persons assembled; where a dignified gentleman in vestments asked a nervous gentleman in spectacles if he was willing to do so and so for the future, in regard to a figure under a veil in his vicinity, and the nervous gentleman very emphatically promised everything that was asked of him: and then similar promises were exacted of the veiled figure— after which there was shaking of hands among the men, and much kissing among the women folks—followed by cutting of cake, popping of champagne bottles, music and dancing, &c. Altogether, the party was a pleasant one."

From the N. Y. Mirror, May 18.

WASHINGTON IRVING'S WASHINGTON.—Messrs. Putnam & Co., publish this day the fourth and last volume of "IRVING WASHINGTON," a noble, beautiful monumental work. We have no space to say more than this, to-day, except to copy the author's closing paragraph, which leaves us to hope for still another volume. He says:

"Should the measure of health and spirits, with which a kind providence has blessed us beyond the usual term of literary labor, be still continued, we may go on, and in another volume give the Presidential career of Washington. In the meantime, having found a resting place in our task, we stay our hands, lay by our pen, and seek that relaxation and repose which gathering years require."

☞ The river commenced falling last week Monday, and is now five feet below the highest point. There were very few rafts passed through the Dells, however, till Saturday; but yesterday a large number passed; and to day (Monday) they are passing almost constantly. Those who wish to visit the Dells for the purpose of seeing the rafts pass will do well to attend to it this week. But they will not see such lofty tumbling of the waters as they would a little over a week ago—*Kilbourn City Mirror.*

By Mil. & Horicon R. R.—3,725 bus wheat, 155 bbls flour, 1 car rags, 950 lbs sundries.

Receipts of wheat by railroad yesterday 20,000 bushels; shipped 45,000 bu. Market without material change.— Most of the wheat at depots was taken readily at 1,20a1,23 for spring; winter sold in small lots at 1,35a1,40.

We notice by the Detroit *Tribune* that no wheat is going into that city for shipment, but, on the contrary, millers from several northern counties had been in town in search of wheat for their mills, and orders had come into Detroit for wheat and flour, to go out on the Michigan Central R. R.

Rye—75a80.

Barley nominally 1,50 for good quality.

Oats scarce and higher—selling to the retailers at 65a68 cents.

Corn also wanted for local use—sales of small lots at 75a80.

Butter—20a30 for common firkin to fresh roll.

Eggs—13a14c.

Potatoes lower for common sorts—we quote at 87½a1,12½.

Pork—$24 for mess. Live hogs $6,00.

Hides—dull at 5½a6c for green—12a14 for dry.

Little doing in freights—few vessels in port.

The schooners *Correspondent* and *Dardanelles* take wheat to Buffalo at 8½c, and the schooner *Gertrude* was offered yesterday at 8c to the same port.

Chicago Market.

CHICAGO, May 21.

The *Tribune* quotes a decline in wheat; sales of 22,500 bus spring, free on board, at 1,13a1,15; equal to about 1,20a1,22 for Milwaukee club. Corn firm at 68 cts; Oats active, with fair supply, at 60a61; Barley, sales for seed, at $2,00; Rye, in demand, at $1,00; Mess Pork steady at $22,00a23,00; Potatoes, 1,00a1,25; Hides dull, 7½ for green, 14a15 dry.

FREIGHTS—The *J. T. Wa[illegible]* takes wheat to Kingston at 7c.

Buffalo Market.

BUFFALO, May 19.

FLOUR.—Receipts liberal, and market more active.— Sales 1050 bbls at 6,50a6,75 for common to good superfine Michigan, Indiana and Ohio; 7a7,12½ for extra Indiana and Wisconsin, and $7,50 for double extra Canadian.

GRAIN—Large receipts of wheat, and market dull and unsettled. Sales 4,000 bu Illinois spring at 1,22—1,500 do at 1 23, and 3,000 bu Milwaukee club at 1,25—a prime sample.

Corn quiet. Sales 13,000 bu old, from store, at 75c, and 3,500 bu new do at 72c.

Oats quiet, and not much doing. Small sales at 40c.— We quote by the boat load at 69c.—*Republic.*

☞ The money article of the New York Tribune of the 14th, gives the earnings of the Chicago, St. Paul & Fond du Lac R. R., for the four opening months of 1856, and the corresponding ones of 1857:

THE WHEAT IN NEW YORK.—The Warsaw New Yorker says: "Last week we had business calling us through the counties of Genesee, Monroe and Ontario, as well as through the eastern (the wheat growing part) of this county. From observations and inquiries in all these directions we are forced to conclude that the winter wheat does not come out well from under the rigorous hand of winter. The farmers say that the crop looked better in March, than it does in May; but many of them have hopes that it will improve in appearance, if the remainder of the month is favorable. The amount growing is less than the average.

Marine Intelligence.

A MISTAKE.—We notice that the season opens with the usual blunders in the reports of vessels at Buffalo. The Propeller *Nile*, with a large cargo, all from this port, is reported as arriving at Buffalo from Chicago.

Buffalo, May 19.

ASHORE.—We learn from a despatch to Captain Dobbins, that the propeller City of Hamilton went ashore yesterday, at the head of Rapid Platt, St. Lawrence river.— She had on board 3,000 bbls flour. No further particulars.

WELLAND CANAL.—The following vessels passed Port Colborne Lock, May 16:

Passed Up—Bark Great West; brigs Saxon, Courtland —schooners Titan, Catharine, Fleur de Marie.

On the 15th, schooner Dreadnaught.

Passed Down—on the 16th—Bark Republic—brigs Manchester, Beaver—schooners Persian, Conquest, Emperor, Antelope, Ave. Empire State, City of Ogdensburg, Constitution, Somerset, Isabella, Welland, Flora Watson, Arcadian.

On the 15th—Bark Northern Light, brig Liverpool,— schooners J. H. Drake, Canadian, Princess, Victoria.— *Buffalo R. public.*

FROM BUFFALO.—The steamer Plymouth Rock, Capt. Ralph, arrived yesterday morning from Buffalo, which port she left at 4 P. M. Saturday. When four or five miles out she found the ice too heavy to proceed, and was obliged to lay by until morning, when she again started. She found the ice very heavy for nearly twenty miles out of Buffalo. Capt. Ralph informs us that a very large number of sail vessels were fast in the ice, working their way gradually, some bound out and others bound in. Some of them were nearly out of provisions, and he furnished two or three vessels.—*Detroit Advertiser*, May 19th.

COLLISION.—The steamer Illinois, which left this port for Lake Superior yesterday afternoon, while ascending St. Clair river, between 10 and 11 o'clock last night, collided with a schooner. The Illinois sustained material damage, the schooner striking her on her larboard bow, about thirty feet from her stem. Her joints were shattered clear to her midships, and her cabin and pilot house badly stove in. Capt. Wilson hailed the schooner to learn her name, but no answer was returned. We learn, however, that she turned out to be the Resolution, of Buffalo. Her jib-boom and bowsprit were carried away. The Illinois continued on her way.—*Detroit Tribune*, 20th.

IMPROVEMENT IN PROPELLER WHEELS.—The Albany Evening Journal says:—"Among the patents issued from the Patent Office, was one to Mr. George Hitsch, of Buffalo, for an improved propeller wheel which, from a peculiar shaped blade, effects a saving of the applied power that has surprised the most sanguine friends of the inventor. It has been tested upon Lake Erie with the well known 'Philadelphia wheel' which has heretofore stood the head of propeller wheels, and has shown a saving of 25 per cent."

THE LIGHT HOUSE.—It does not seem to be generally known among masters of vessels, that the light on the hill at this port has been discontinued. The lamps have been removed, it being considered by the Government that the light become superfluous. The only light-house is the one situated on the East Pier.—*Cleveland Plaindealer.*

POLICE COURT, MAY 21.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John Powers, felt intoxicated and disorderly, fined $5 and costs.

Michael Wein, intoxicated, fined $1.

Wm. Reddy, intoxicated and disorderly, fined $5.

Charles Joist, charged with stealing clothing of the value of $6 from J. Marcus, committed for examination.

Mary Doe, arrested for same charge, sent to Poor House.

James Highland, convicted of a brutal assault and battery upon his wife, Ellen Hyland, sent to county jail for 50 days.

Ellen Hyland, a daily drunkard, convicted of being intoxicated, sent to jail for 20 days in default of $10 fine.

Franklin Clayton waived an examination on the charge of committing burglary and larceny at Oak Creek, in the dwelling of the Rev. Mr. Howd, and was committed in default of $2,000 bail.

WOMEN WHIPPERS.—Yesterday a man named Hyland was brought before the Police Justice for brutally beating his wife, and was sent to the county jail for 50 days. This fellow is constantly miss-using his wife, and has been punished by fine and imprisonment several times for the same offence, but notwithstanding, every opportunity he gets, he will half kill his better half. He thinks no more of 50 days imprisonment than of drinking a glass of whiskey, and we venture to say that, before he is two weeks out of jail, he will renew his vile practice. The following is related of Mayor Foley, of Covington, Ky., and we recommend it to the serious consideration of Justice Walworth, as the best prescription for women whippers in use:

Some months since a man was arrested and brought before him for whipping his wife. The mayor fined him and let him go, but within a week the chap was again arrested for the same offence; this time his honor imprisoned him; and after serving out his time he went home and again abused his better half, and notwithstanding the mayor fined and imprisoned the fellow for each offence, he would persist in this vile behavior. The mayor, after trying for months to reform him, had well nigh given up the task, until one morning this hero of a hundred fights (with his wife) was arraigned on the old charge. "Well," says his honor, "I suppose you think I am going to fine you?" "I dun know," said the culprit.— "Perhaps you imagine I will imprison you," continued mayor F. "I expect so," was the answer. "I shall do neither," said the mayor, "I discharge you." The fellow's countenance began to brighten up, when his honor adjourned the court, and after stepping to the door, invited him outside. "Now, you mean devil," said mayor F., "I have fined you and imprisoned you, till I am tired of it, and yet you persist in ill-treating your wife. I will now tell you, that if I ever hear of you abusing that woman again, *I'll whip you within an inch of your life.* Now travel." The mayor has never heard from that man since.

THAT BRIDGE, OH! THAT BRIDGE!—Our patience has just about given out. We have now given up all hopes of ever having a Huron Street bridge, except in imagination, or rather in the middle of the river, for as matters are going on at present there is no prospect of there being any means of reaching it until Jack Frost comes round again and makes an icy passage, so that we can approach near enough to admire the fine proportions and elegant workmanship of this very-much-needed, but never-to-be-finished bridge. We viewed it yesterday from every side, watched anxiously to see if we could not discover some progress which ought to have been made during the last week, but we watched in vain, for never an inch has it progressed, that is, that could be discovered with the naked eye! We verily believe that the contractors are experimenting with this bridge, to see to what extent they can carry their skill in trying the patience of the public, and also to try how near they can bring it to a finish without entirely completing it.

P. S.—"Honor to whom honor is due;" we should have said that there was *one man* at work on the middle of the bridge yesterday afternoon. What he was doing, we could not discover.

STREET COMMISSIONER'S ORDERS—*First Ward.*—River street and sidewalks, from Division to Ogden streets to be graded and made—also gutters to be paved.

Gutters on Prospect street, from Division street to Lockwood's Addition, to be paved.

Plank sidewalks to be laid on:—

Milwaukee street, from Knapp to Lyon street.

Knapp street, from Main street to Jackson street.

Ogden, from Main street to Jefferson street.

Third Ward.—A large portion of the streets are ordered cleaned on Fridays and Saturdays of each week, and the sidewalks to be kept in order.

The Detroit street sewer to be rebuilt.

Proposals are called for, for paving with square stone Wisconsin street, from East Water to Main; also for grading and planking the walks from Michigan to Erie street.

Seventh Ward.—Lot 4 and S ½ of lot 5 of Block — on Market street, are ordered filled.

"ST. CHARLES INTELLIGENCER"—ADVERTISING IN IOWA.—The *Intelligencer* is a new and handsome eight column weekly paper, which comes to us from St. Charles, Iowa. We are gratified to find in its broad pages, the advertisements of the following Milwaukee business firms, viz:

Lewis & Hess, A. E. Van Cott, M. G. Elmore & Co., E. N. Hurd, H. Bosworth & Sons, Rice & Stevenson, G. Dyer & Co., Throop & Bro, L. Bonnell, H. J. Nazro & Co., Haverstick, Bennett & Co., Swaffield & Russell, Sinclair & Gunnison, Dutcher & Sexton, Dyer & Passmore, Vose, Mitchell & Co., Miller's Type Foundry, Lake Shore R. R.

Our merchants cannot fail to find advertising in Iowa and Minnesota a good investment.

BURGLARY.—A man named Franklin Clayton was arrested Wednesday evening by Policeman Capron, for committing burglary and larceny in the dwelling house of Rev. Mr. Howd, of Oak Creek. He was brought before Justice Walworth yesterday, and was committed in default of $2,000 bail. He stole from the house of Mr. Howd a number of valuable articles, such as silver spoons, jewelry, and a large quantity of clothing. Officer Capron had quite a chase to catch the fellow, and rather a hard scramble before he got him lodged in safe quarters, receiving, in the mean time, a clip over one of his eyes, by way of a token of remembrance.

OBSTRUCTING THE STREETS.—Persons engaged in erecting buildings seem to think that they have an unlimited right to the use of the Streets for their utensils, and to crowd the public off entirely. By looking at page 410 of the volume of "Charter and Ordinances" they will find that they have no right to use the streets *at all*, without written permission from the Aldermen of the Ward, under a penalty of $2 per day; and can, in no case, occupy more than *one third* of the side-walk, and one third of the road-way. We trust that some attention will be paid to this ordinance. Its violations are frequent and gross.

ACCIDENT.—As Supply Hose was running to the fire on Chestnut street hill, yesterday morning, and while going down Division street hill, one of the company tripped, throwing three of the members off from the drag-rope, the slack of which caught under the feet of the fourth, throwing him badly, and injuring his limbs somewhat, taking the flesh off from both his knee-pans, and otherwise injuring him, though not seriously.

The foreman of Hook & Ladder Company, also fell just before reaching the bridge, cutting off a portion of his nose.

AMORY HALL.—There will be a grand Dedication Ball given at Amory Hall, Fond du Lac, on the 4th of June.—This hall is spoken of as one of the finest in the country, and the good people of Fond du Lac mean to have a merry time in dedicating it. People from all parts of the State are invited to attend, and there will doubtless be a large gathering there. The advertisement, with names of managers will be found in another column.

FIRE.—The alarm of fire yesterday, (we are happy to say there was more alarm than fire), was caused by the burning of a small shanty, in the 6th Ward, on the Green Bay plankroad. Most of the engine companies turned out promptly, and had there been anything of a fire, it would have met with a vigorous resistance.

PERSONAL.—We are happy to learn that Mr. J. H. [illegible], Esq., of this city, who was injured at Prairie du Chien some time since by the running away of his horses, is fast recovering, and before long his many friends will have the pleasure of meeting him at his business.

FIRST FROM BUFFALO.—The schooner *Adda*, Capt. [illegible], arrived yesterday from Buffalo, being the first vessel through this spring from that port.

HARPER FOR JUNE.—We have from KEMPSHALL, ARNOLD, and McSORLEY, early copies of Harper's Magazine for June, just received and for sale by them. It contains the usual amount of interesting original and selected matter. The illustrated articles this month are "the city of Charleston, South Carolina," and "Adventures of the early settlers of New England."

STRICKLAND & Co. also send us Harper. We are bountifully supplied this month.

THE WEATHER.—Since Monday last the weather has slowly and steadily improved, and yesterday, the northeaster having fairly blown itself out, and a gentle south-east breeze setting in, with bright, golden sunshine, it was as fine as could be wished. Vegetation took a perceptible start under the warm breath and glowing sunshine of yesterday.

BOY FOUND.—Alderman Taylor found a little boy in the street yesterday, about 2½ years old, supposed to be English, but unable to give any information respecting himself. He may be found at the residence of Ald. Taylor, corner of Second and Sycamore Streets.

PLANKINTON'S ADDITION.—At the sale of lots in Plankinton's Addition, on Wednesday, 21 lots were disposed of for the aggregate sum of $6,250—averaging $303 per lot.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until July, Old Dr. James' wonderful and celebrated extract of Cannibis Indica. His son-in-law, Dr. Thomas Tilton, will supply you with either, personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a recipe will be sent in return, free of charge, to any part of the Union.

CITY LAND OFFICE.

CITY LAND OFFICE.

NEW additions to our city are now offering great inducements to all who want and should secure themselves a home, and to all who want to make investments for their children. It is by making investments in Lots while they can be purchased at a low price you will become rich. All of our citizens who are now wealthy owe their wealth to the fact of their purchasing Lots some eight or ten years ago *when they were cheap*. Some six or eight years ago you could purchase the best of Lots in the old First Ward and Fifth Ward at from three to five hundred dollars; the same lots are selling, and worth this day, five and six thousand dollars per Lot. The same chance is now offering itself again; we have two new additions, one in the first ward and another in the fifth ward, both of which in our opinion offer superior inducements to any other additions which have yet been offered this spring, and we would say to all who are in pursuit of Lots for investments, and for homes, not to be in a hurry. Wait for about twenty or thirty days and we think we will show to you a plat of some property which will, and must convince you that its location for Health, Scenery and advantages is unsurpassed. The plats of said property are now under way, and as soon as they are ready we will give notice and circulate them through the city. We are going to sell the property on such easy terms that the poorest man, or woman, or boy, can purchase a Lot. All the money that will be required down will be twenty per cent, the balance in 1, 2, 3, 4, 5, 6, 7 and 8 years, and all we have to say is, keep prepared for this grand opportunity which will be ready by the tenth or fifteenth of June. may19 OGDEN & WALL.

City Land Office.

THE great sale of lots in that so-ahead Portage city remember takes place June 12, 13, 14. The lots to be sold are valuable for a new city. It holds out grand inducements. All who want to make purchases should go and visit Portage. You can leave here in the morning in the La Crosse cars and return in the evening.

This is a great chance for investments and for building up a large business.

Maps of said city are now ready at our office, on Michigan street.

A Valuable Residence for Sale in 7th Ward.

WE are authorized to sell, or exchange for other city property, one of the best Dwelling Houses in the Seventh Ward, Corner of Astor and Martin St.'s. The House is new (built about 18 months) and built and finished in a superior manner—there is not a dwelling house in the city put up with so much care—all the Floors in the house are double, a superior Cellar under the entire dwelling. There is all the various Parlours, Sitting Room, Library Room, Reading Room, finished in superior style. The chambers are of a large size with convenient and large closets. The house is supplied with Bath Rooms and Water privileges. The arrangement of the kitchen, wash and drying rooms are not to be equaled in the city. In fact it is impossible to give a full description of the superior advantages of this House. There is also a large new BRICK BARN and Carriage House and Coachman's Room. The said House is situated on two lots, 120 feet front, 127 feet deep. The grounds of premises are handsomely arranged, and decorated with all the various shrubbery and fruit Trees, and you have a full view of the Lake, and is one of the best of neighborhoods in the Seventh Ward. In fact it is a house superior to any that has ever been sold. All we have to say, any one who wants a House if they will call on us we will show them the premises and they can judge for themselves. Terms are easy.

CITY LAND OFFICE.

Great and Extensive Sale of Lots in Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.

THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects as flattering as Portage City, and I would say to all who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. They list of lots I will publish in a few days. They will be sold on very easy terms.

SPECIAL NOTICES.

BADGER STATE SAFES!
FIRE & BURGLAR PROOF!

THE WIDE EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our Steam Works, (Nos. 215, 217 and 251 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

Office, No. 1 Kneeland's Block.

Valuable City Lots in Market.

I HAVE some very choice lots containing about ⅛ of an acre each, situated on the South side of Spring street, about 20 minutes walk from the bridge, which I am prepared to sell at a bargain. To persons who desire a location on the finest avenue in the city, which is already graded and sidewalks planked to these lots, a rare opportunity is offered. A map of the lots may be seen by calling at my office, on East Water street, at No. 1 Kneeland's Block.

ARCHITECTS AND BUILDERS
ATTENTION!
W. E. CHILDS & CO.,
New Roofing Material!
PATENT FIRE AND WATER PROOF
ELASTIC CEMENT ROOFING!

THE UNDERSIGNED are prepared to contract and put on in this city and throughout the State of Wisconsin, W. E. Childs & Co.'s Elastic Fire and Water Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate. It is perfectly *Fire and Water Proof*—is a non-conductor of electricity, and in point of durability it is equal, if not superior to any Metallic Roofing. It is perfectly *elastic and flexible*. It contracts and expands with the change of the atmosphere, and will neither evaporate, crack, melt or rot; and there can be no question of its *durability*.

This Roofing is Practically Imperishable.

It will perfectly resist any ordinary external exposure to fire, as is abundantly testified, and we will warrant it water proof.

We will engage to put it on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for [illegible] per one hundred square feet. It was also found to be the best thing ever invented to cover the decks of vessels, Rail Road cars, depots and bridges, and to cover or mend old leaky tin, tar and gravel roofs, or to use around chimneys, scuttles, dormer windows and gutters, where the tin or other metals are rusted through.

This cement can be put on to last as long as stone, and will form a perfect adhesion to the object to which it is applied, such as wood, metal, brick or stone. Tin and other metal roofs can be painted over—warranted not to leak—at three dollars per ten feet square, which is cheaper and far more durable than paint. As this roof is perfect (without a joint in it) it presents no chance for fire to communicate, and any light substance will burn out without injuring. It is now being generally introduced in New York, Boston, Philadelphia and other large Eastern and Southern cities, and has met with general adoption throughout the Western cities, and having superceded all others at Cincinnati, where it was first used, and where there are many roofs that were put on three years ago, all of which are now perfect.

We invite all who are building, and also those who wish their roofs repaired, to call at our office, No. 249 Main Street, 1st door North of Wisconsin, and to examine samples. We refer to the following gentlemen:

Read the following Testimonials:

CINCINNATI, May 2, 1857.

MESSRS. J. CARLISLE & Co., Milwaukee, Wis:—

In justice to yourselves and the merits of your "W. E. Childs & Co's Patent Elastic Fire and Water Proof Cement Roof," we take great pleasure in making the following statement:—We have been engaged practically, all our lives, in building, and are well acquainted with all the Patent Roofs generally, and erroneously classed yours with the current humbugs of the day. We are now satisfied, from a scrutinizing investigation, that your roof is the very best of which we have any knowledge, (not excepting metal roofs of any kind,) because of its extreme lightness in weight and elasticity of texture. We are recommending it to all for whom we build. From a specimen of two years standing which we have seen, we are satisfied that it is practically imperishable, and as far as weather influences are concerned, will out last the most substantial building. Its fire and water proof qualities are unquestionable. Yours Respectfully,
J. & D. DeCAMP, Builders.

CINCINNATI, 5th Month, 6th Day, 1857.

MESSRS. CARLISLE & Co.,

You having requested my opinion about W. E. Childs & Co's Patent Elastic Cement Roofing. In answer to your request, I can state I have used the Cement in several buildings of my own; which have stood the test of the hottest and most intense cold weather of last year, without being effected, I give it as my decided opinion, that it is the best and most perfect roof now in use. Among its desirable qualities is that of being so completely water-tight around the fire-wall, hatches, chimneys, &c., and clear from danger of fire by sparks or cuter-flames.
EZRA BAILY.

OFFICE OF THE CIN. HAMILTON & DAYTON R. R. Co.,
Cincinnati, May 1st, 1857.

MESSRS. J. CARLISLE & Co.—

Dear Sirs—My opinion has frequently been asked of W. E. Childs & Co's Patent Cement Roofing. I have no interest in the article, directly or indirectly, but feel a desire to see a good thing generally introduced.

During the past year I have used it on my Main street building, and find it a very great improvement on all cements heretofore in use in our city. Many of our first class buildings have recently been covered with it, and I have heard many of the owners speak in high praise of the article. We are at this time covering some of our cars with this cement.
Yours truly,
S. S. L'HOMMEDIEU,
President of Cin. & Ham. Dayton R. R. Co.

CINCINNATI, May 4th, 1857.

This is to certify that we have used W. E. Childs & Co's Patent and Fire Proof Cement, on the Passenger and Freight Cars of the Cin. Hamilton & Dayton R. R., and find it to answer the purpose better than any kind of roofing we have ever tried. I would recommend it to all Railroad companies as the most desirable and safe roofing that can be applied to the roofs of Passenger or Freight cars.
DANIEL McLAREN,
Sup't. of Motive Power Cin. Ham. & Dayton R. R. Co.

CINCINNATI, May 1st, 1857.

Having examined the Cement Roofing patented by W. E. Childs & Co. and now being put on by them, I feel confident in stating that it is superior to any roof ever before tried in this city. It presents a neat clean surface, is very elastic, and seems to have all the qualities the inventor claims for it.
JAMES W. McLAUGHLIN, Architect.

OFFICE OF BUCKEYE STATE IN. Co.,
Cincinnati, Dec. 16, '56.

To all whom it may concern:

This is to certify that I have examined specimens and roofs of W. E. Childs & Co's "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye-witness of a severe trial of one of these roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation and saved the building. Yours,
T. M. HASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY, ROYAL IN. Co.,
February 6, 1857.

I have examined W. E. Childs & Co's Elastic Fire and Water Proof Cement Roofing, and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.
JOHN S. LAW,
Agent Royal Ins. Co., London and Liverpool.

And many other testimonials that can be seen by calling on us.

The Cement will be furnished in large or small quantities to those wishing it, residing out of the city, with printed directions for applying it.

Orders sent to us through the Post Office will be promptly attended to. Application may be made to us for the purchase of rights to Counties or towns throughout this State, in which to use the above roofing.

THAT COMPOSITION ROOFING!

WEST'S PATENT GALVANIC CEMENT!

WHICH PROPERTY HOLDERS in this city and State are substituting for Shingle, Tin, Iron and Slate for covering buildings, has been in use over fifteen years, but only to a very limited extent, until within the past five or six years.

It was first used simply for *stopping leaks* of shingle roofs, about chimneys, scuttles, gutters, &c., and for covering tin roofs when they had become defective and worthless; then for covering over old shingle roofs, and finally for *entire new roofs*.

It is *unlike* any other composition roofing material, and differs in *one more very essential particular*, in that it has

NEVER FAILED!

And consequently gives *perfect satisfaction*.

The following *facts* and *testimonials* are in *substance*, such as are obtained wherever it has been introduced:

Within the past year, I have paid *three hundred and seventy three* dollars for *repairing leaky* and *defective* roofs. The composition used for such improvements is known as *West's Galvanic Cement*, for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan St. ALEX. MITCHELL.

During the winter of 1856 and 7, I had *West's Galvanic Cement* for roofing, applied to the Excelsior Block erected on the corner where the United States Hotel was burned. This roofing although yet in an unfinished condition, having only about *one half* the composition of a complete roof, and that put on in the most *unfavorable season*, is in *all respects* answering the purpose of a complete roof. *Those facts*, together with many others within my knowledge are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most *perfect* and *reliable* article for covering buildings that has yet been offered to the public. J. B. CROSS,
Mayor of the city of Milwaukee.

I have had the composition above referred to applied to the *Newhall House*, during the past winter, and my *experience, knowledge* and *opinion* correspond with and fully corroborate the above facts and conclusion.
DAN'L NEWHALL.

From our knowledge of the composition *for covering buildings*, known as *West's Galvanic Cement*, for roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as *superior to any other article* of the kind now in use, and worthy of the fullest confidence of the public.

Master Builders.	

Since this article has come into general use there have been numerous patent *compositions*, *imitations* and *impositions* offered to the public; they have had their "brief day" of pretention, but the *time of trial* has proved them *all lacking some* of the *essential requisites* for a *perfect* and *reliable roof*, as we are *abundantly prepared to show*.

We learn through our master builders and architects that nearly all the buildings under contract for the coming season are by contract to have *West's Galvanic Cement Roof*.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

Jouven's Inodorous Preparation

FOR INSTANTLY

CLEANING KID GLOVES

Of any Color and for

BEAUTIFYING THE COMPLEXION,

PRICE 25 CENTS PER BOTTLE.

One Bottle Cleans Fifty Pair of Gloves!

JOUVEN'S Inodorous Kid Glove Cleaner is the article used by the Kid Glove manufacturers of France to impart that purity and softness to the kid for which their gloves are so justly celebrated. When the glove leave the hand of the Sewer, it is naturally more or less soiled, and this preparation is resorted to, to cleanse and beautify it. To clean Kid Gloves, no matter how much soiled, what color they are, dip a piece of white flannel in the preparation, and with it wipe off the dirt from the glove, and in a moment it is as pure and beautiful as when new; and as not the slightest odor proceeds from it, the glove can be immediately worn. Full directions accompany each bottle.

It is, also, the finest article in the world for cleaning Kid Slippers, &c., and if used for the toilet, will greatly beautify the complexion, remove tan and pimples of all kinds. The Ladies of Louis Napoleon's Court use it, exclusive of any other, for this purpose. Beware of Counterfeits. The well known name of Solomon Content, as manufacturer, is on all the labels of the genuine article, all others are spurious. ANNOUNCEMENT.

IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

It is with no ordinary regret that I relinquish a pleasant and successful business, and close the connections which have existed between myself and my customers.

In Mr. Kempshall, I am assured that my old friends and patrons will find a thorough business man, who will treat them courteously, deal honorably, keep a good stock, and sell at reasonable prices.

N. B. All accounts for or against me will be settled by him. ARCHIBALD WILSON.

Milwaukee, March 30, 1857.

Having purchased the stock of Mr. Archibald Wilson, and his interest in the bookselling business in this city, I propose to continue the same at the old stand, and shall endeavor, by keeping at all times a full and desirable assortment, and by careful attention to business, to merit patronage from both old and new customers.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
